

November 2024 updates

This Delivery Program was updated in November 2024 to consider the revised 2025-35 Long-Term Financial Plan (LTFP) and address Council's declining financial situation. Refer to the updated 'Resourcing the Plan' section on page 63 for details.

The financial information in the revised LTFP supersedes financial details included in this Delivery Program.

This plan reflects our intentions at the time of publication. As with any plan or budget, the actual results may vary from that forecast.

Adopted June 2022

We respectfully acknowledge the Traditional Custodians of the land and waters of North Sydney local government area (LGA), the Cammeraygal people

We recognise the Cammeraygal as the first owners of the area known today as North Sydney. We acknowledge that the alienation of their country occurred with a land grant in 1794 without consultation, treaty or compensation.

We are committed to showing respect for Cammeraygal and all First Nations Peoples through the acknowledgement of country at ceremonies, meetings, functions and events.

Archaeological evidence shows that Aboriginal people have been in North Sydney at least 5,800 years, probably for thousands more. We treasure and seek to preserve the evidence of their presence here.

In 1890, when North Sydney Council was formed through the merging of three boroughs, the word Cammeraygal was included on its coat of arms. Today it holds a central position in the Council's logo as a reminder of the long indigenous heritage of this place.

In recent years the spelling of Cammeraygal has varied to include Gammeraigal and Gai-maragal as our community has sought to more accurately reflect and honour the heritage of our First Nations people.

Since the start of the COVID pandemic in 2020, Council's open space has had a significant increase in use. Even as we have returned to more normal patterns of life, this increased use has continued, with residents and visitors using our parks and reserves for exercise, family activities and social catch ups. As the North Sydney Council area has significantly less open space per person than any other northern Sydney council, our open space is feeling the impact of this additional use.

Not surprisingly, open space is a focus for this Delivery Program, with expenditure directed to upgrading our parks and playgrounds to ensure they can cope with community demands. Where possible, we seek to increase our open space and sporting facilities and with this in mind we are allocating \$1.47m to reconfigure Primrose Park and construct an additional full-sized playing field. Another \$1m has been allocated to the Quarantine Launch Depot, so that we can improve access to the site and open it to public use and \$1.4m will be spent to convert 1 Henry Lawson Avenue to parkland.

I believe we have reached a good balance between progressing our long-term priorities, investment in premium parks and new open space, with improvements to the local facilities that we know you use and love. I hope you enjoy the improvements we have planned. I encourage you to get involved and have your say on the projects that matter to you when they go on exhibition.

Our focus in the coming years also includes implementing some of the excellent strategies we have recently developed including the Visitor Economy Strategy, the Ward Street Masterplan and the North Sydney Oval Plan of Management. We are also committed to ambitious environmental targets, including increasing our tree canopy, moving all of Council's property to renewable energy and progressing our cycling and pedestrian infrastructure.

We will do all of this with an eye to being sustainable - environmentally, financially, socially and in our governance. We will consider inclusivity in all our projects and we undertake to do everything with integrity and transparency. I am confident the projects and directions we have set will stand North Sydney in good stead for the years to come.

Cr Zoë Baker

Mayor of North Sydney

It is always challenging for Council to determine the priorities in our Delivery Program. All the projects put up for consideration are worthy and it is not only difficult to choose one over another, but sometimes even to place one project ahead of another.

In allocating our scarce resources for this Delivery Program, we have aimed to progress work across a wide range of strategic areas. We're continuing our commitment to upgrade essential infrastructure such as seawalls and footpaths and will progress public domain upgrades in the CBD and improved lighting in our village centres.

Council's largest project for Year 1 of the Program will be the redevelopment of the North Sydney Olympic Pool which is currently under construction. With open space at a premium, we're also investing in improvements to parks and sporting facilities.

We've earmarked \$1.2m in Year 2 to continue the improvements to St Leonards Park and \$2.5m in Year 4 to upgrade the Bradfield Park foreshore. At the same time, we've allocated funding for the smaller improvements that can make a real difference, such as outdoor fitness equipment for Brennan Park, kayak storage in Milson Park and additional public toilets at the Coal Loader.

Over the next four years, Council will also be looking to the future. We will develop Masterplans for Cammeray Park and Public Art, undertake a comprehensive heritage review and develop a new planning framework for the Military Road corridor.

This Delivery Program also lays a strong foundation for maintaining and improving our existing services. Council is committed to delivering high quality outcomes and customer service, to finding innovative ways to deliver these services more efficiently and effectively and to using our resources wisely.

We are entering a challenging time. External factors such as the pandemic, climate change and world unrest have had unexpected impacts on everything from interest rates, to labour shortages and changes in community attitudes and behaviours. Council has proved itself to be flexible and innovative over the past few years and I am confident that we will continue to adapt to meet changing circumstances and maintain our services to the community.

INTRODUCTION

The North Sydney Community Strategic Plan - *North Sydney Vision 2040* - is Council's most important strategic document, and part of its suite of Integrated Planning and Reporting (IP&R) documents. Council uses the Community Strategic Plan to guide and inform its planning and decision making for the next ten years.

While Council is the key driver of the Community Strategic Plan, its implementation is the shared responsibility of all

community stakeholders. Council does not have full responsibility for implementing or resourcing all the community's aspirations. Other stakeholders, including government agencies, non-government organisations, community groups and individuals also have a role to play in delivering these outcomes. All supporting plans, activities and funding allocations are directly linked to the Community Strategic Plan as outlined in the following diagram.

About the Delivery Program

Council outlines the actions it will undertake during its electoral term to contribute to the long-term strategies and desired outcomes of the Community Strategic Plan in the *Delivery Program 2022-2026*.

The Delivery Program covers the period 1 July 2022 to 30 June 2026 detailing the projects and services Council plans to undertake and the required budget and expenditure. It has been prepared by Council in accordance with Section 404 of the *Local Government Act 1993*. Council has drawn from stakeholder feedback in the preparation of the Community Strategic Plan including the *2020 Customer Satisfaction Survey* and project-based community consultation. The Delivery Program is also informed by Council's ten-year Resourcing Strategy.

The Resourcing Strategy focuses on long-term financial planning, long-term asset management planning and medium-term workforce management planning. It is the critical link between the Community Strategic Plan and the Delivery Program, detailing the provision of resources required to implement strategies established by the Community Strategic Plan for which Council is responsible.

STRATEGIC DIRECTIONS

The Delivery Program follows the same structure as the Community Strategic Plan. It includes five interrelated key themes known as Strategic Directions. Each Strategic Direction details the desired outcomes, and strategies that will be implemented to address the community's aspirations for its future. The Strategic Directions (not listed in any priority order) are:

- 1. Our Living Environment
- 2. Our Built Infrastructure
- 3. Our Innovative City
- 4. Our Social Vitality
- 5. Our Civic Leadership

The majority of activities contribute to a number of directions, however for the purpose of the Delivery Program activities have been allocated to the direction they contribute to the most. Each project and service is linked to one of the elements of the quadruple bottom line (QBL).

Climate change is recognised as a threat to the future of our community, requiring action by all levels of government. Our community minimises waste, maximises use of renewable energy and increases tree canopy to mitigate the impact.

Our natural environment supports biodiversity, through our bushland reserves, wildlife corridors and innovative foreshore management. Recreational facilities including parks, sporting fields and playgrounds support an active lifestyle for residents and visitors.

North Sydney's public spaces and village centres promote their unique character and provide vibrant and safe places for the community to gather and connect. Our built infrastructure and community assets follow sustainable design principles and meet the needs of our growing population.

Our community prioritises walking, cycling and public transport and people of all ages are comfortable riding in the area. Vehicle transport is supported by an effective and integrated transport and parking system.

Global investment and businesses are drawn to North Sydney because it is a centre of innovation, entrepreneurship and tourism. North Sydney CBD and St Leonards an important part of the Eastern Economic Corridor. The character of our local centres are enhanced to maximise vitality and tourism are balanced with maintaining residential amenity.

Land use planning and contemporary planning controls ensure the protection of historic buildings and places, and that new development respects North Sydney's distinct identity, heritage character and natural environment. Housing is accessible and affordable for all individuals and families.

Our community enjoys a healthy and active lifestyle, improved accessibility, wellbeing and safety, safety, and a life free from violence and crime. North Sydney is known for its vibrancy and cultural diversity, with markets, festivals, art and culture, events that connect the community.

Residents have access to the best health care and support services. Education opportunities are many and varied. Service providers, including Stanton Library deliver facilities that meet the community's changing cultural and educational needs. Local heritage and our First Nations history and culture is preserved, respected and celebrated.

Our community has confidence in North Sydney's strategic direction and trusts Council, along with partner organisations, to lead with integrity and demonstrate good governance. Council provides what the community needs now and plans for the needs of future generations. The community is actively engaged in the future direction of North Sydney in accordance with our long-standing commitment to "open government".

Council demonstrates transparency and leadership in its decision making, is accountable to the community, and respectful in its interactions. Council is the employer of first choice, attracting and retaining highly motivated and skilled employees, committed to providing the community with quality service.

Linking the Vision to Action

Strategic Directions - these are the big picture results that the community would like to achieve.

Outcomes - desired outcomes for each Direction. They are specific, focusing on the end result rather than how to get there i.e. they are the realisation of the Direction.

Strategies - guide the specific actions related to this plan, defining how to achieve the Outcomes. All stakeholders, including Council, are responsible for working towards the vision by achieving the long-term strategies. For its part, Council outlines what its responsible for and how it will achieve the vision through the provision of projects and services, as outlined in our Delivery Program and Resourcing Strategy.

Projects - are specific initiatives that Council proposes to implement to achieve each Strategy. Projects have a short-term focus, generally within a set budget and finite duration defined by planned start and finish dates.

Services - are the functions that Council carries out on an ongoing basis.

Financial Estimates - are the budget forecasts for the period of the plan. These are subject to review each year in accordance with preparation of each Operational Plan.

How to read the Plan

Each project is identified in a table as demonstrated below:

Code	4-digit number showing linkage to the strategies (3-digit) and outcomes (2-digit) of the Community Strategic Plan
Project	Description of each project
QBL Link	The quadruple bottom line (QBL) element the project relates to
Department	The Department (business unit) responsible for implementation of the project
Timing	The year the project will commence/ continue and conclude

Each service is identified in a table as demonstrated below:

Code	Each service has been assigned a number (listed consecutively) and allocated under the outcomes (2-digit) of the Community Strategic Plan they most relate
Service	Name of each service
Description	Description of each service

DIRECTION 1: OUR LIVING ENVIRONMENT

WHERE DO WE WANT TO BE IN 2040?

Climate change is recognised as a threat to the future of our community, requiring action by all levels of government. Our community minimises waste, maximises use of renewable energy and increases tree canopy to mitigate the impact.

Our natural environment supports biodiversity, through our bushland reserves, wildlife corridors and innovative foreshore management. Recreational facilities including parks, sporting fields and playgrounds support an active lifestyle for residents and visitors.

DIRECTION 2: OUR BUILT INFRASTRUCTURE

WHERE DO WE WANT TO BE IN 2040?

North Sydney's public spaces and village centres promote their unique character and provide vibrant and safe places for the community to gather and connect. Our built infrastructure and community assets follow sustainable design principles and meet the needs of our growing population.

Our community prioritises walking, cycling and public transport and people of all ages are comfortable riding in the area. Vehicle transport is supported by an effective and integrated transport and parking system.

WHERE DO WE WANT TO BE IN 2040?

Global investment and businesses are drawn to North Sydney because it is a centre of innovation, entrepreneurship and tourism. North Sydney CBD and St Leonards are an important part of the Eastern Economic Corridor. The character of our local centres are enhanced to maximise vitality and tourism are balanced with maintaining residential amenity.

Land use planning and contemporary planning controls ensure the protection of historic buildings and places, and that new development respects North Sydney's distinct identity, heritage character and natural environment. Housing is accessible and affordable for all individuals and families.

Liveability Census 2021

Place Score's 2021 Liveability Census is an independent opt-in survey revealing liveability strengths and best place attributes. 401 residents shared what matters most (care factor/community values) and 380 residents rated their suburb (performance). This achieved a 95% confidence level (+/- 5%) consistent with Council's Community Survey. However, the under 25 years age group was underrepresented and more females than males participated.

The top three liveability strengths (attributes of community importance) are:

connectivity

proximity to other neighbourhoods, employment centres, shops

landscaping and natural elements

street trees, planting, water features

access to neighbourhood amenities

cafes, shops, health and wellness services

The top three priorities for the North Sydney LGA are:

protection of the natural environment

quality of public space

access and safety of walking, cycling, public transport

footpaths, verges, parks etc

signage, paths, lighting etc

The following table compares the best and worst performing place attributes (strengths and weaknesses) for the North Sydney LGA compared with the national average (shown in brackets):

Top 5 Strengths	Top 5 Weaknesses
Things to do in the evenings - bars, dining, cinema, live music etc (+17%)	Ease of driving and parking (-8%)
Evidence of community activity - volunteering, gardening, art, community organised events etc (+15%)	Range of housing prices and tenures - low to high \$, buy or rent etc (-6%)
Local history, historic buildings or features (+14%)	Child services - child care, early learning, after school care, medical etc (-2%)
Sense of personal safety - for all ages, genders, day or night (+12%)	Physical comfort - including noise, smells, temperature etc (0%)
Access to neighbourhood amenities - cafes, shops, health and wellness services etc (+12%)	Spaces suitable for play - from toddlers to teens (+1%)

Community Engagement Strategy

In accordance with Council's adopted Community Engagement Strategy, Council also invited feedback via a two-stage consultation process:

Stage 1

October to December 2021 - feedback was invited via an online survey seeking to prioritise the Outcomes and Strategies in the 2018 plan, submissions, online map, photo sharing (encouraging our community to what they love most about the North Sydney LGA e.g. favourite location, feature or experience with the hashtag #mynorthsydney), story sharing and children's artwork (12 years and under were invited to visually depicted their vision for the future of the North Sydney LGA).

Stage 2

May to June 2022 - public exhibition of the draft plan for 28 days, during which time submissions were invited and an online information session open to the community provided an opportunity to ask questions about the draft plan.

In summary, the top 10 priorities identified via the consultation were (not in any priority order):

- 1 Open space/green space
- 2 Sporting facilities indoor, outdoor and water sports
- 3 WHTBL and Warringah Freeway Upgrade impact on Cammeray Park, Berrys Bay, tree loss and unfiltered stacks
- 4 Planning controls/studies managing development to meet growth
- 5 Heritage conservation and promotion including recognition and celebration of First Nation's history and culture
- 6 Traffic and parking issues (various) and cycling/active transport
- 7 Community services and facilities

SERVICE REVIEWS

Council is required to detail within the Delivery Program, the areas of service that will be reviewed during this term, and how we will engage with stakeholders to determine service level expectations. The annual Operational Plan will specify the reviews to be undertaken that year.

The areas of service that the Council will review/audit during its term are:

- · Community centres
- · Corporate planning
- · Cyber security
- · Enterprise risk management
- · Fraud and corruption prevention
- · Heritage controls
- · Human Resources
- · Legal Services
- · Project Management
- · Records management

Recommendations arising from the following recently completed service reviews/audits will also be implemented during the term:

- · Children services
- · Contacts management
- · Development assessment
- Food inspections
- · Human resources including payroll

Council is required to have a formalised service review program in place following the 2024 local government elections. This framework will be developed between over the next two years and commence with the next IP&R cycle.

Service Levels

Council periodically undertakes a Customer Satisfaction Survey to benchmark satisfaction with our services and facilities. We use the fundings to inform planning and improvement of our programs, policies and services.

As outlined in the *Asset Management Strategy*, in 2024/25 Council will conduct detailed community consultation regarding levels of service per asset class, to enhance understanding of the relationship between desired levels of service, their associated costs, and willingness and/or capacity to pay.

RESOURCING THE PLAN (SECTION UPDATED NOVEMBER 2024)

The Delivery Program informs and is informed by Council's Resourcing Strategy which includes our:

- · Workforce Management Plan
- Long-Term Financial Plan (LTFP)
- · Asset Management Strategy and Plans

The Resourcing Strategy identifies that Council needs sufficient money, time, assets and people to deliver the commitments detailed in the Delivery Program and achieve the outcomes of the Community Strategic Plan.

The current financial deficit

Regrettably, Council's current financial position is not sustainable. As detailed in Council's revised 2025-2035 LTFP, without additional income, Council cannot continue to support the level of service and infrastructure enjoyed by the community in past decades.

The costs associated with the North Sydney Olympic Pool redevelopment project have placed significant pressure on Council's reserves and infrastructure renewals. Ongoing operating costs, including the repayment of over \$50 million in debt will result in ongoing operating deficits. Other factors such as declining revenue streams associated with car parking, fines and advertising, along with cost shifting from other levels of government further exacerbate forecast deficits.

In addition, the average residential rate for North Sydney is considerably lower than comparable councils, meaning that there is less money available to spend on services and infrastructure.

While Council has been proactively implementing operational improvement initiatives to increase efficiencies and reduce costs, these changes are limited by outdated and ineffective systems and are not sufficient to address the growing financial deficit alone.

As a temporary fix, Council has been deferring lower priority capital projects and asset renewals. Some of the projects outlined in this 2022-26 Delivery Program have already been delayed or will be delayed in 2025/26 unless financial repair is undertaken.

While it has been necessary to delay projects to address immediate financial needs, cutting services, renewals and capital projects is not a sustainable solution and has resulted in a significant backlog of projects and asset renewals. To maintain North Sydney as a great place to live, work and visit, we need to ensure that we continue to invest in new and upgraded facilities, programs, events and services.

Planning for the next ten years

In 2024, Council undertook a comprehensive community engagement program to understand the needs and priorities of our community. The valuable insights gathered through engagement, along with extensive research, have shaped a suite of eight informing strategies that articulate the projects and services that Council needs to deliver to meet the current and future priorities of our community.

Council's revised LTFP outlines how delivering a financial repair strategy that fixes the deficit and plans for the future (as detailed in the informing strategies) will require a rate rise through a Special Rate Variation (SRV).

Council is currently engaging with the community regarding four potential rate increase options:

	2025/26	2026/27	2027/28
Option 1	50%	5%	5%
Option 2a	50%	25%	Rate peg
Option 2b	75%	Rate peg	Rate peg
Option 3	60%	20%	10%

Option 1: is focused on financial repair only and does not provide financial resources for the future focused projects and initiatives outlined in Council's draft ten-year strategies, except governance improvements.

Options 2a and 2b: are future focused. They include financial repair, along with funding for planning and delivery of new and upgraded infrastructure and services to achieve the desired outcomes within the draft ten-year informing strategies, including governance improvements.

Option 3: delivers everything in Option 2a and 2b as well as funding to bring building infrastructure to a 'good' condition over a ten-year period commencing in year 4.

In all four options, Council will continue to implement operational improvement initiatives to increase efficiencies and reduce costs.

The revised LTFP has been prepared to explain the current and future financial situation under each of the four rating options.

Amendments to the 2022-26 Delivery Program

In 2025/26 (the final year of the current delivery program), the scope of projects and services delivered to the community will depend on the adopted rating option.

If an SRV is approved under options 2a, 2b or 3, Council will be able to start fixing the financial deficit and commence delivery of new and expanded projects and services identified in the informing strategies.

A new Appendix 3 has been added to this Delivery Program to list the additional and expanded projects and services that would be funded (or partially funded) through the SRV in 2025/26.

Preparation of a new Community Strategic Plan and Delivery Program

While the current four-year delivery program includes the 2025/26 financial year, the shorter three-year Council term*

that ended with the elections in October 2024 means that Council is required to review its Community Strategic Plan and adopt a new 2025-29 Delivery Program before the start of the next financial year.

In early 2025 Council will be engaging with the community on a new draft 2025-35 Community Strategic Plan, 2025-29 Delivery program and 2025/26 Operational Plan. These new integrated plans will be developed based on priorities identified in the eight informing strategies.

Therefore, this current 2022-26 Delivery Program will be superseded by the new 2025-29 Delivery Program when the SRV is effective.

Notwithstanding this, Council is required to update its current Delivery Program and Resourcing Strategy to reflect an SRV prior to making an SRV request to IPART. This SRV application is due in February, prior to the new Community Strategic Plan or Delivery Program being adopted, therefore this section of the current 2022-26 program has been updated and Appendix 3 added to detail why the SRV is required.

*Due to the COVID-19 pandemic

REPORTING PROGRESS

Periodic Reporting

Council reviews and reports to the community on progress against the Operational Plan quarterly. Traffic light reporting is used to track project status.

Financial performance is reported via the Quarterly Budget Review Statement (QBRS) in the first, second and third quarters.

We report biannually against the 'corporate scorecard' within the Delivery Program. The biannual review includes a cross functional overview of the key performance indicators (KPIs) listed below.

Annual Report

The Annual Report is one of the key points of accountability between the Council and our community. It provides a summary of the work completed by Council during each financial year, reporting against the Delivery Program and Operational Plan. The gives transparent insight into our operations and decision-making processes.

Annual Reports are available at Council's website, and for viewing at the Customer Service Centre and Stanton Library.

State of North Sydney Report

Council must review and report on the effectiveness of the Community Strategic Plan is in achieving its objectives in line with the local government election cycle. As part of this review, we will prepare a report on the process of implementing the plan (this report was formerly known as the End of Term Report). The report will track the indicators within the plan, allowing us to see whether we are making progress towards the community vision. The report will be presented to the incoming term of Council at its second meeting.

1.1	PROTECTED, ENHANCED AND BIODIVERSE NATURAL ENVIRONMENT	1.1.1	Rehabilitate native bushland areas and fauna habitats to enhance biodiversity	Facilitate the closure of Balls Head Reserve on New Year's Eve to prevent damage to bushland areas.	Environment
		1.1.2	Increase awareness of biodiversity conservation through education and community partnerships	Prepare a strategic plan for The Coal Loader Centre for Sustainability site to inform opportunities and priorities to increase community use and enjoyment.	Environment
		1.1.3	Implement strategies that encourage healthy local waterways	Collaborate with universities and marine science institutes to enhance seawall biodiversity in North Sydney's coastal area.	Environment
1.2	ENVIRONMENTALLY SUSTAINABLE COMMUNITY	1.2.1	Reduce strain on natural resources through sustainable energy, water and waste reduction practices	Work in collaboration with other NSW councils to identify, develop and trial a scalable renewable electricity offer for residents and small businesses currently unable to install renewables in their building, helping them to purchase 100% renewable electricity at a lower cost than currently available.	Environment
				Investigate and implement initiatives to increase solar capacity for schools in the LGA.	Environment
				Collaborate with industry stakeholders to facilitate the implementation of community batteries and virtual power plants on Council-owned land targeting an additional 2 MW/h storage capacity to help facilitate the transition to a 100% renewable energy grid.	Environment
				Replace the gas boiler at the Council Chambers with an electric heat pump with integrated heating and cooling.	Environment
				Install charging infrastructure and progressively transition Council plant and fleet to electric.	Environment
				Expand existing stormwater harvesting and water reuse systems at Bon Andrews Park.	Environment

^{*} Services and projects from the Governance Strategy are funded under all special rate variations options. Services and projects from the other strategies are only funded under options 2a, 2b and 3.
