

1 CLIMBING CUBE
A challenging play structure that offers various climbing activities. The monkey bars add extra fun for seniors. Its natural look integrates with the surrounding environment.

2 SWING SET
with toddler & strap seats.

3 CAROUSEL
A rotating element promoting balancing & playing together.

4 TALKING TUBES
bring liveliness to the play area and can be used by several children.

5 BALANCING BEAM & TIMBER LOGS
A nature play trail between existing trees combined with stepping stones to provide extra balancing challenges.

6 PLAY PANEL
It can integrate elements of the Australian flora & fauna, encouraging learning through playing.

7 STEPPING PLATFORM
Timber steps will provide easy access to the existing slide platform on the other side.
