BUILDING COMPLIANCE
DATED 26 APRIL 2023**

SUBJECT: Item 10.5 Draft Fees & Charges Schedule 2023/24

AUTHOR: Christian Menday, Manager Financial Services

DATE: 26 April 2023

Attachments: Nil

SUMMARY

An additional new fee is proposed for inclusion in the Draft Fees & Charges Schedule 2023/24 as outlined below:

Category	Fee or Charge	Rationale
Fire Safety	Fire Safety Schedule (Re-issue)	<p>Amendments to legislation gives Councils the ability to amend/reissue Fire Safety Schedules (FSS) where there are errors or omissions requiring correction, providing a less onerous pathway for owners. The amount of time and resource required in each application will be similar to that of an application <i>To Satisfy Condition of Consent Applications</i>.</p> <p>It is therefore recommended that the same application fee of \$413 is charged for this new fee <i>Fire Safety Schedule (Re-issue)</i>.</p> <p>Other Councils are starting to implement this fee as part of Draft Fees & Charges 2023/24</p>

RECOMMENDATION:

- 1. THAT** the Draft Fees and Charges Schedule 2023/24, inclusive of the additional fee outlined in the addendum, be endorsed and placed on public exhibition for 42 days.
- 2. THAT** a further report be prepared for Council's consideration at the submissions closing period to facilitate adoption of the Fees and Charges Schedule 2022/23 by 30 June 2023.

1. THAT the Draft Fees and Charges Schedule 2023/24 be endorsed and placed on public exhibition for 42 days.

2.THAT a further report be prepared for Council's consideration at the submissions closing period to facilitate adoption of the Fees and Charges Schedule 2022/23 by 30 June 2023.

Background

The Schedule is a list of fees for all chargeable services, requests, applications, approvals, licences, hire bookings and memberships. Fees and charges are determined by local councils each year. They contribute towards providing services and facilities.

Report

The *Draft Fees & Charges Schedule 2023/24* was formulated around a general increase of 7.65% over the previous year's adopted schedule which was based on the change in All Groups CPI Sydney index from December 2021 to December 2022 and comparable market rates.

All existing and proposed fees and charges have been assessed according to the nature of the services being provided. The following factors have been considered in the analysis of the proposed fees and charges:

- cost recovery, including indirect costs recovery (full or partial);
- market pricing competitiveness (pricing of similar service providers);
- legislative constraints (non-discretionary fees); and
- subsidies (capacity to pay).

Consultation requirements

Community engagement will be undertaken in accordance with Council's Community Engagement Protocol.

It is recommended that the *Draft Fees & Charges Schedule 2023/24* be endorsed and placed on public exhibition, concurrently with the *Draft Operational Plan 2023/24*.

Submissions will be accepted during the public exhibition period and considered before the final Schedule is adopted. A further report will be presented to Council following the close of the 42 day public exhibition period.

Financial/Resource Implications

User charges and fees are an important source of revenue for Council. With a budget of \$35.8 million they account for 26% of all revenue and 28% of own-source revenue.

Resource implications details. As per the Revenue Policy staff has applied the following principals in formulating user fees.

- a) Council will endeavour to apply all revenue policies on an equitable basis,
- b) the “user pays” principle will, in general, be the basis for the full recovery of costs,
- c) fees and charges will take into account the movements in the Consumer Price Index (Sydney All Groups),
- d) income earned from Council’s assets will be maximised, based on industry market rates,
- e) as a minimum, Council will seek to recover the administrative costs in performing its statutory duties, and
- f) consideration will be given to those groups and/or members of the community, who are disadvantaged and may not otherwise be able to access the service. Generally, this will be reflected by discounting the fee or charge.

The recovery of charges and fees under this approach are necessary to maintain current levels of services and assets.

Legislation

In accordance with sections 405 and 608(1) of the *Local Government Act 1993*, a schedule of fees and charges must be prepared annually as a provision within Council’s annual Statement of Revenue Policy.

This was reviewed again when upgrading P&S scheme in 2014, the 50% refund to valid P&S users remained until the pool was closed in 2021 for the pool reconstruction. Inspection Fee – New Food premises (Pre opening as per condition of DA)	N	\$140.00	\$280.00	\$0.00	\$280.00	100.00%	\$140.00	It has not been called upon for use in some years with food shop fit outs being overseen by private certifiers who have the responsibility to sign the works off as complaint with AS 4674. However, in the event Council is the PCA, the EHO must carry out the final pre OC inspection to certify that the fit out is compliant and satisfactory. These inspections are in depth in that all aspects of AS 4674 must be checked and passed as satisfactory by the EHO. The fee of \$140 was set some years ago and given the time these inspections take; it is considered that the current fee is too low. I have looked at other Councils and what they charge as follows: - Northern beaches \$290; Kuring-gai \$305. It is therefore considered reasonable to double our fee.	Director City Strategy	Approved
