

To the Resident/Occupant

29 January 2026

Dear Resident/Occupant,

**ECHO STREET & LUMSDEN STREET, CAMMERAY
PROPOSED CHANGE TO KERBSIDE USE (TIMED PARKING)**

In response to residents' concerns about limited availability of space to park private vehicles on public streets, Council is considering a proposal to introduce 2 hour timed parking on Echo Street and Lumsden Street.

The proposal is to change the kerbside use, currently unrestricted, to **"2P, 8:30am-6:00pm Mon-Fri, permit holders excepted Area 18"**.

The proposed change is intended to minimise the impact of unrestricted parking and increase the availability of street space for vehicle parking consistent with other streets in the area. A sketch of the proposed changes is provided with this letter.

To provide feedback on the proposal please complete the survey form online at <https://yoursay.northsydney.nsw.gov.au/echo-lumsden-st-proposal> by **Monday 2 March 2026**

The purpose of the survey form is to help Council assess whether the proposal meets community needs and to provide the community an opportunity to offer feedback that may help refine the proposal to better align with the North Sydney Council Integrated Transport Strategy and actions related to parking management. All feedback received will be considered. Council will not reply to respondents individually. A report with the community feedback will be presented to the next available Traffic Committee meeting.

For further information, or for a hard copy of the survey form, please contact North Sydney Council on 9936 8100 or yoursay@northsydney.nsw.gov.au.

Kind regards,
